F Read the webpage. Check (✓) the correct answer for each question.

XL100 **Price:** \$199.99 **Colors:** red, blue, green, purple **Our opinion:** ★★★★★

Good: It's light, and it looks nice and modern. It has Internet, alarm clock, calculator, world clock, camera, notepad, music player, and games. Internet is really fast – great for downloading music. I love the colors! It costs a lot, but you get a lot for your money.

Bad: The email is fast, but the phone is small, so you can't read emails or texts easily. The camera isn't very good.

TalkPhone **Price:** \$149.99 **Colors:** black, gray **Our opinion:** ★★

Good: It's fairly easy to use, and it has an alarm clock, calculator, camera, and world clock. OK for first phone for kids under 12. Camera takes really great pictures.

Bad: It's heavy and not very thin – not at all like newer phones. Some people think the alarm clock and phone aren't loud enough. The colors aren't very nice. The price is good for kids, but you don't get much.
